

## Geography

Children will recall the features of the local area and its physical and human geography., they will learn how to locate the key features on a map and how to sequence a journey through the local area. They will also investigate other people's views of the local area. Children will use their knowledge to compare different natural environments and describe them using key vocabulary.

## Science

Animals including humans. This half term we will notice than animals and humans reproduce. We will develop our understanding and describe the basic needs of animals, including humans for survival. We will learn about how the human appearance changes as you grow older as well as identifying the features that will not alter with age. Finally, we will also describe the importance for humans to exercise, eating the right amount of different types of food and hygiene.

We will further our ability to work scientifically through hands on activities in and around the classroom.

## Maths

Number and place value within 1000. We will work mathematically to further our understanding of number using a range of methods to hone our skills.

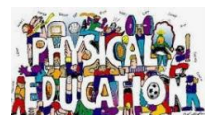

Addition and subtraction: We will learn how to use different methods to add and subtract 2 and 3 digit numbers.

We will take part in daily 'fluent in five' at the beginning of every maths lesson to consolidate and further our skills.

We will challenge ourselves through applying our new knowledge to problem solving calculations

# Year 2 Autumn 1

PE Gymnastics and ball skills.

We will be developing their ball skills, concentrating on throwing and catching. We will also be learning about invasion games and developing our skills in this area focusing on our quick decision making and communication skills.

## PSHE

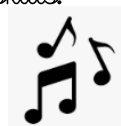

Children will learn about and how to deal with different emotions.

## Computing

Children will take part in lessons on keeping/staying safe online. Children will compare and contrast websites and learn that not everything online is true.

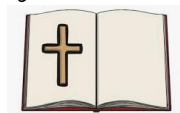

## Music

Children will take part in lessons on keeping/staying safe

## R.E Christianity

Children will learn who Christians believe made the world.

## English

We will be using a range of texts as a stimulus for writing by producing a character description, writing a recount of a story, creating a non chronological report and writing a diary entry. We will also be looking at poems and producing our own Haiku poem.

A Squash and a Squeeze - With the help of an old man and all of her animals, an old lady realizes that her house is not as small as she thought.

Toby and The Great Fire of London - Toby has forgotten a delivery for Mr Pepsy, but as he sets across London he sees the sky is full of flames!

Grammar will be regularly taught through English lessons with a link to the whole class text.

Children will take part in weekly spelling lessons to learn and apply appropriate spelling. Targeted interventions are continuously evaluated for those children who require additional support with their spelling.

handwriting skills as we follow the Letter Join scheme and prepare to move from pencil to pen.

The class will begin to take part in group reading sessions, developing our understanding of the text and reading skills. Daily stories will be shared with the class.

## Art

Children will identify and recognise hot and cold colours and suggest why an artist has chosen them. They will also make tints and tones using black and white. When painting they will stay within the lines.
